EXPERIENCES & PROJECTS

The Green Project
sseljay.github.io

HTML CSS • BOOTSTRAP • MEDIA QUERY

- An Environmental Website focused on awareness.

Onlypans
sseljay.github.io/onlypans-makati/

REACTJS • BOOTSTRAP • JSON REST API

- An E-commerce website for a restaurant located in Makati.
- I specifically worked on the front end and Trello management for this website.

Codify

REACTJS • MATERIAL UI • REDUX • LARAVEL • MYSQL

- Codify is our team's freelancing website.
- My part in this project is the development of Laravel API for clients, some tasks in the front-end development and Trello management from time to time.

Portfolio Website
sseljay.github.io/myportfolio/

REACTJS • VITE JS • TAILWIND CSS

- I created this website to showcase what I can do with my current skillset
